Julian Narváez

Interactive Media Designer & Frontend Developer

I'm a creative Frontend Developer based on Medellín. I've done remote work for agencies and collaborated with talented people to create digital products for both business and consumer use. I'm quietly confident, naturally curious, and perpetually working on improving my chops.

Highly responsible person, with work skills under pressure, adaptability to new trends, initiative, perseverance, leadership and ability to learn.

Work Experience

Digital Creative

July 2019 – Present

The objective of my work is to give additional value to advertising campaigns and propose interactive technological solutions, using development tools such as HTML, CSS, JavaScript and design tools such as the Adobe Suite.

My activities are:

Design and develop web pages.

Manage Wordpress pages.

Develop landing pages.

Develop Augmented Reality filters for social networks.

Animation for advertising campaigns.
